

# ONESEAL HIGH SECURITY SEAL (79-SM)

## OneSeal 79-SM High Security Seal with Solid Metal Pin ISO / PAS 17712 Compliant

The ideal High Security Container Seal. Key applications are containers, trucks, trailers etc.

### The pin

ONESEAL High Security Solid Metal Pin. The bolt is made of solid metal with a very high cutting strength for protection against harsh tools. Marked with an 'H' indicating High Security Seal.

### The cylinder

The metal cylinder is covered by non-flammable PC shock proof plastic. Standard colours are red and white. For ordering larger quantities the colours blue, green and yellow can be supplied.

### Laser engraving

Your company logo/name will be engraved by use of high technology laser engraving that prevents tampering. All seals are engraved with a consecutive unique numbering. Bar coding can also be applied.

### Packaging

For easy stock control and number verification the seals are delivered in two pieces - cylinders are packed on tape in consecutive order together with pins also on tape. For easy handling and distribution 100 seals are packed in one inner box. Two inner boxes are packed in one carton box.

### Customs

Seals are approved by Customs authorities world wide including US Customs, HM Customs, German and Taiwan Customs.

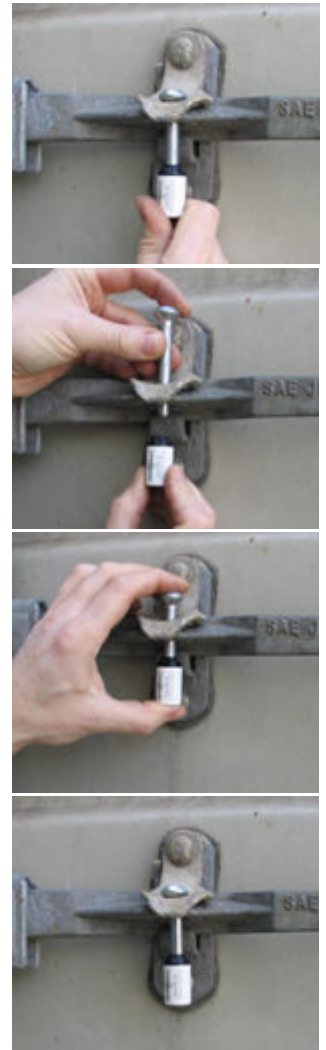

### ISO / PAS 17712

The seal is in compliance with ISO / PAS 17712 as a High Security Seal and is C-TPAT compliant.

Seals can only be removed by a bolt cutter.
