

ONESEAL OK-4 WIRE SEAL

OK WIRE SEALS

OK-4 Wire Seal with end locking mechanism (fixed length)

The OK wire seal is an ideal Security cable seal to apply on all awkward sealing points. Key applications are Containers, tank-truck valves, truck trailers, rail wagons, gates etc.

The cable

Flexible galvanised steel cable with high tensile strength. The Ø3.6 mm cable is non-preformed and unravels if cut. The cable is available in 285 mm and 910 mm length. For large orders various cable diameters and lengths are available in your preferred sizes.

The body

The metal body features a non-flammable shock proof plastic cover. Standard colours are red and white. The newly developed locking mechanism has a tensile strength of more than 500 kg.

Engraving

Your company name will be engraved by High Technology laser equipment. Engravings are made with a consecutive unique numbering.

Type	Cable width	Cable length	Weight / pcs	Weight / box
OK-4	3.5 mm	285mm	0,038 kg	24 kg
OK-4	3.5 mm	910 mm	0,062 kg	13,4 kg

Packing:

285 mm 500 pieces per box
910 mm 200 pieces per box

ISO / PAS 17712

The seal is compliance with ISO / PAS 17712 as High Security and is C-TPAT compliant.

Security seals – a small important detail in shipping - provided by Oneseal an ISO 9001 certified company.
