

## PLASTIC SEALS

Indicative seals to apply on all awkward sealing points. Key applications are Airline Carts, Truck trailers, Tank trailers In-plant valves, Box doors, Hazardous material boxes, Medical boxes, Gates, Scales, Money bags, Meters, Barrels etc.

ONESEAL provides a large range of plastic seals with Fixed Loop or with a pull to tighten feature. Some of the seals come with a tear-off for easy "cutting" of the seal. The seals are available for a large variety of applications i.e.: Airline-charts, Tank Trailers, Food containers, cash bags, Gas meters hospital strips, wire strips, containers, trucks, air containers, etc.

### Marking

Your company name or logo will be engraved by use of high technology laser engraving or hot/cold stamping, which prevents tampering. All seals are engraved with a consecutive unique numbering. Bar-coding can also be applied with the use of laser engraving.

Colours: White, yellow, blue, red, green

Marking: 6-8 digit number and "Standard" marking or "customized" marking.
